

Taking Over Oz (Upside Down)

Monkeys watching over me with smiles upon their face
Coz I have made it through this far in a goody two shoes place
It feels sometimes the people here are rising for a fall
But I don't care for being nice, 'cause I will rule you all!

I don't care
I'm half way there
On a road that leads me straight to who knows where

So just forget
What is or was
Cause I tell you
I'm taking over Oz

Ain't got no cares
I aint got no rule
I think I like
Taking over Oz
